14-Mar-12 20:38 | dmurray742

@josepicardo's school has allowed BYOD and 6th years can access wifi with own laptops #niedchat

14-Mar-12 20:40 | amandasalt

@MrMalcontent #Niedchat I agree. But maybe it also allows us to concentrate the little money we have in devices that will make a difference

14-Mar-12 20:40 | mapsman

@dmurray742 I don't want to lock down but at mo we haven't bought into grey filtering? #niedchat

14-Mar-12 20:40 | amandasalt

@dmurray742 #Niedchat Access to SIMS outside of schl would help, compile our reports on it and could enter straight into it - not importing

14-Mar-12 20:41 | bmcparland

@karen_irwin I think we need to trust teachers' judgement and professionalism more #niedchat

14-Mar-12 20:41 | amandasalt

Let's focus for a little while on BYOD - rather than the new service that we know little about... #Nledchat

14-Mar-12 20:43 | dmurray742

@karen_irwin why would a pupil be on youtube tho? I want it for me. Plus they are on it in house, do we not need to teach to surf? #niedchat

14-Mar-12 20:43 | amandasalt

'When I come to school I have to power down!' (said by a student). Are we recognising our learners'needs + meeting effectively? #Nledchat

14-Mar-12 20:43 | dmurray742

does anyone currently use BYOD then? #niedchat

14-Mar-12 20:44 | amandasalt

@dmurray742 If budgets were set aside for buy-back schemes it would be a great start. Some sort of discount for FSM students? #niedchat

14-Mar-12 20:44 | dmchugh675

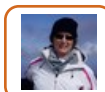

@medv2 @MrMalcontent me too, I'm sitting with my corkscrew ready to roll! / turn #Nledchat

14-Mar-12 20:44 | bmcparland

@mapsman Good! Printing is wasteful. Legacy technology - we need to leave it behind. #Nledchat

14-Mar-12 20:44 | dmurray742

@dmurray742 #Nledchat Flexibility and choice are key but with this comes great responsibility

14-Mar-12 20:44 | medv2

#Nledchat Always good to hear no money for kit when school budgets are already in crisis. No new tech spending!

14-Mar-12 20:44 | mapsman

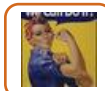

@dmchugh675 It has to be that way. BECTA across the water had a great Home Access scheme but was cutback by Con/Dem government. #Nledchat

14-Mar-12 20:45 | dmurray742

@mapsman Do we really need to spend £170m on NEW KIT? Again? We did that 10 years ago. Spend the £ on a service/training/staff! #Nledchat

14-Mar-12 20:45 | dmurray742

#Nledchat what is BYOD?!

14-Mar-12 20:45 | MsRGraham

@MsRGraham Hey Rachel, BYOD=Bring Your Own Device #Nledchat

14-Mar-12 20:46 | dmurray742

#Nledchat BYOD - some schools may have a policy regarding this, pupils not meant to bring devices capable of recording images/ video in

14-Mar-12 20:46 | bmcparland

@amandasalt I agree. Too much of lock everything down in school and ignoring teaching children to be responsible at home #Nledchat

14-Mar-12 20:46 | chris__cooke

@mapsman The question should be why aren't we facilitating it today? #Nledchat

14-Mar-12 20:47 | dmurray742

@mapsman #Nledchat do u think it will be hard to manage 'text chat' etc during class?

14-Mar-12 20:48 | medv2

@dmurray742 #Nledchat Agreed. The training is the most important aspect - sharing good and future practice but are C2k ready for that?

14-Mar-12 20:48 | mapsman

@mapsman It's down to class management and good/sensible policies. There will always be problems. #niedchat

14-Mar-12 20:48 | dmchugh675

@dmurray742 @mapsman I don't want to use it all the time tho, I just want it to be more more method of learning to add to current #niedchat

14-Mar-12 20:48 | amandasalt

Keep forgetting I'm t'host. Is BYOD a feasible prospect in our schs currently?How do we ensure equality of access to ICT for all? #Nledchat

14-Mar-12 20:48 | dmurray742

@mapsman Depends if you mean the 'we' in this discussion or all teachers.I can see the colour draining as I explain BYOD in school!#Nledchat

14-Mar-12 20:48 | chris__cooke

@chris__cooke Very true #Nledchat

14-Mar-12 20:48 | bmcparland

The biggest concerns around BYOD are around the digital divide. How is this managed? Schools can ensure equality for all #niedchat

14-Mar-12 20:49 | NISchoolsICT

@dmurray742 would be interesting to know what kids have, most of ours seem to have smart phones #niedchat

14-Mar-12 20:49 | amandasalt

It will be interesting to see the divide between those schools that embrace BYOD and those that don't. #niedchat

14-Mar-12 20:49 | MrMalcontent

@amandasalt @dmurray742 #Nledchat Will using their devices in class actually make kids LESS likely to want to use them inappropriately?

14-Mar-12 20:49 | mapsman

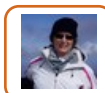

@mapsman @dmurray742 #Nledchat agree - training for what we have and how to use it better would be more appropriate

14-Mar-12 20:49 | bmcparland

@josepicardo we are just talking about BYOD in #niedchat

14-Mar-12 20:50 | amandasalt

@dmurray742 #Nledchat read interesting article where sch managed this by group work on BYOD - good idea?

14-Mar-12 20:50 | medv2

@MrMalcontent V good point Barry - think of where we were 10 years ago. Equality of provision is now guaranteed. #Niedchat

14-Mar-12 20:51 | dmurray742

@mapsman #Niedchat Hope so! working hard at it, agree that this is the way forward

14-Mar-12 20:51 | medv2

#Niedchat there is also the clear divide between those who have and those who can't afford to have, esp in today's economical climate

14-Mar-12 20:51 | bmcparland

#strawpoll I'm in favour of BYOD in schools (assuming there's a strong AUP in place). <http://t.co/liWsrPcp> #Niedchat

14-Mar-12 20:51 | dmurray742

@NISchoolsICT ha ha, the irony (and truth) of that statement in reply to mine about parental knowledge of kids' surfing! #niedchat

14-Mar-12 20:51 | amandasalt

@amandasalt surely if they're on the desk pupils want to check them more? #Niedchat

14-Mar-12 20:52 | MsRGraham

@mapsman modeling good practice and actually talking about their devices openly can only be good imo. #niedchat

14-Mar-12 20:52 | dmchugh675

@MrMalcontent for all it's faults this is why C2K is to be commended. Fantastic initiative #niedchat

14-Mar-12 20:52 | NISchoolsICT

@NISchoolsICT Schools can't ensure the equality, unfortunately. Someone will always come in with i p a d ? on the day of release #niedchat

14-Mar-12 20:52 | MrMalcontent

@MrMalcontent #niedchat thr will also B a standard provision of services but choice & flexibility 4 those that choose is my u/standing

14-Mar-12 20:52 | medv2

@dmurray742 @mrmalcontent #Niedchat The challenge today though is less equality and more personal access. How many schools are 1:1?
